

## Curriculum Vitae

### Personal Details

Name Ghasem Yadegarfar  
Date of birth: 08 - 09 - 1961

Marital status Married – Two children

Nationality: Iranian  
Languages: English (Fluent), Persian (Mother Tongue), Arabic (Basic)

**Address:** Epidemiology & Biostatistics Dept.  
School of Public Health  
Isfahan University of Medical Sciences, Isfahan, Iran,  
Post code: 81746 - 73461  
**Tel:** +98 31 37923202  
**Mob:** +98 913 4127553  
**E-mails:** yadegarfar@gmail.com

### Qualifications

2004 **PhD in Epidemiology**  
Department of Biostatistics  
School of Epidemiology & Health sciences  
Medical School, Stopford Building  
University of Manchester

1999 **MSc in Epidemiology,**  
School of Epidemiology & Health sciences  
Medical School, Stopford Building  
University of Manchester

1990 **MSc in Biostatistics**  
Tehran University of Medical Sciences, Tehran, Iran  
Score: 17.5 out of 20

1987 **BSc in Mathematics**  
Isfahan University, Isfahan Iran  
Score: 2.85 out of 4

Current Post	<b>Associate Professor of Epidemiology &amp; Medical Statistics,</b>
<b>Sep 2014 till Present</b>	Epidemiology & Biostatistics Dept., School of Public Health, Isfahan Univ of Medical Sciences, Isfahan, Iran <b>Duties:</b> Teaching, Supervising MSc & PhD students, Investigating in Cancer Health Problem,; Consulting and providing Statistical and Methodological advice to consultants, PhD & MSc students, & Industrial Companies; Research Projects Data Analysis
<b>July to Aug 2018</b>	Observership Position at Health Sciences, Allerton Building, University of Salford, Salford M5 4WT, Teaching Medical Statistics to PhD & MSc Students, <b>Point of Contact: Dr Lucy Walton: l.a.walton@salford.ac.uk</b>
<b>Aug to Sep 2018</b>	Observership Position at Division of Musculoskeletal & Dermatological Sciences (L5)Division of Musculoskeletal & Dermatological Sciences, Stopford Building, Manchester University, Manchester, M13 9PL, Working on Project entitled “ ” with <b>Dr Mark Lunt, Mark.Lunt@manchester.ac.uk</b>
<b>Most Recent Post</b>	
<b>Feb 2014 till Sep 2016</b>	<b>Honorary Trial Statistician</b> of UKLS Trial at Liverpool Cancer Trial Unit, University of Liverpool, Liverpool, UK
<b>May 2014 – Aug 2014</b>	<b>Cancer Epidemiologist</b> at National Cancer Program, Qatar Supreme Council of Health, Doha, Qatar <b>Duties:</b> Help to set up and Run Qatar Population Based Cancer registry
<b>March 2012 till Feb 2014</b>	<b>Senior Statistician (Grade 8, Full Time)</b> at Cancer Research UK, Liverpool Cancer Trials Unit Block C, Waterhouse Building, 1-3 Brownlow Street, Liverpool, L69 3GL, <b>Main tasks:</b> Statistician of UK Lung Screening (UKLS), RIALTO Trial, Point of contact and consultant statistician of palliative care clinical trials and observational studies
	<b>My Duties &amp; Achievements on UKLS trial:</b> <ul style="list-style-type: none"> <li>• UKLS trial is being carried out on 250,000 individuals who were invited to participate.</li> <li>• I helped the UKLS team to run the trial smoothly and precisely by designing &amp; setting up a program for quality control of data collection, findings contradictions in the data, assessing gaps and missing in the data,</li> <li>• I merged data from different resources together and providing master data files for different purposes providing reports, abstracts and papers.</li> <li>• I took care of data cleaning &amp; data analyses and prepared HTA reports and draft of analysis reports for Data Monitoring Committee.</li> <li>• I have provided data analysis results for, at least, <b>three conference abstracts which accepted</b> and presented (see below) and two papers in progress.</li> <li>• I took responsibility of registering the UKLS cohort members with ECRIC (Eastern Cancer Registration &amp; Information Centre Unit); MRIS (Medical Research Information Service), HSCIC (Health and Social Care Information Centre)</li> </ul>
	<b>My Duties &amp; Achievements on RIALTO Trial:</b> <ul style="list-style-type: none"> <li>• Assessing inclusion &amp; exclusion criteria on recruits b. Data collection quality control.</li> <li>• Data cleaning &amp; Data analyses.</li> <li>• Preparing close and open reports for Data Monitoring Committee e. Monitoring Patients recruitments and data entry on database.</li> </ul>
<b>Sep 2010- March 2012</b>	<b>Consultant Statistician at Imperial College London:</b> Research Design Services (RDS) & Statistical Advisory Services (SAS) Primary Care & Public Health Dept. Faculty of Medicine, Imperial College London, St Dunstons Road, London W6 8RP, <b>Grade:</b> Level 3B Spine Point, Full Time
	<b>My Duties &amp; Achievements:</b> <ol style="list-style-type: none"> <li>a. Provided statistical advice for Consultants &amp; Academic Staffs,</li> <li>b. Taught Medical Statistics to MPH student including Mauritius University MPH students</li> <li>c. Taught statistics with STATA (ANOVA, Linear &amp; Logistic Regression, Survival Analysis) &amp; Longitudinal Data Analysis;</li> <li>d. Supervised 2 PhD, 2 MSc &amp; 3 MPH students</li> <li>e. Co-applicant of several NIHR Research project</li> <li>f. Played the role of statistician on 70 different studies including clinical trials &amp; observational studies</li> <li>g. Peer Reviewed research projects</li> <li>h. Carried out data analysis &amp; applied statistical methods to different research projects data and given hand to raise articles for publication. This led to <b>publishing 13 articles</b> including my own papers (See below, list of papers)</li> <li>i. Worked on own home university research projects which led to publishing <b>2 papers at home</b> journals and one in international journal (See below, list of papers)</li> <li>j. Collaborated with a colleague at home university and got a grant to run a QOL project on breast cancer patients</li> </ol>

## **Lecturer, Epidemiologist**

Epidemiology & Biostat Department, School of Public Health

**Post Held** Isfahan University of Medical Sciences, Isfahan, Iran

**Full Time**

**Sep 2007 – My Duties & Achievements:**

**Aug 2010**

1. Supervising MSc & PhD students
2. Providing statistical advice for Consultants and other Academic Staffs,
3. Teaching different Statistical & Epidemiological Modules
4. Running my own research projects
5. Attending Research Committee Meeting to evaluate and approve research proposals given meet the criteria
6. Peer Reviewing research projects proposals
7. Attending the Editorial Board of Medical School Journal to evaluate peer reviewed submitted articles
8. Establishing HIV-AIDS Epidemiology Committee, Running 2 seminars on Stop AIDS, Collaborating with
9. Health Authorities to educate people on how to protect themselves.
10. Collaborating with the Isfahan Province Cancer Registry located at University Deputy of Health to improve
11. their Population Based Cancer Registry. The CR suffered from two main problems **a-** lack of integration
12. between different data resources **b-** Uncertainty of validity and reliability of prevalence and incidence rate
13. of cancer and mortality rate in that CR. To solve the first problem, lack of integration between different
14. data resources including Demographic Data, Pathologic & Diagnosis Data, Treatment data and patients’
15. follow-up results, the individual National Identification Number was used to merge different data together
16. for patients whom supplied with NI. For others, Hospital Number was tried as much as possible. However,
17. there was a big problem in merging Hospital Cancer Registry Treatment Data and follow-up because of
18. lack of information or movement of patients. **For the second problem, uncertainty**, a cross-sectional
19. study was advised using cluster sampling (20 neighbourhood families consisted a cluster) using list of
20. postcodes to choose 100 clusters across the province. All 2000 families were face-to-face interviewed by
21. rained staffs of Deputy of Health.
- 22. Collaboration with an oncologist at Omid Hospital to improve their Hospital Cancer Registry,**
23. providing a model on Breast Cancer Patients. The advice was on designing different forms of data
24. collection and planning a database using Microsoft Access for Data Entry.
25. Designing and running a QOL study on Breast Cancer patients. Still on data collection phase
26. Getting grants for Longitudinal Stress, Breast Cancer QoL research, HIV-AIDS Survival, HIV-AIDS High
27. Risk Behaviour, and longitudinal change in SBP, DBP and BMI projects

**1<sup>st</sup> Aug 2005 – Sep 2007** – **Medical Statistician** at Public Health Sciences & Medical Statistics Group, Research and Development Support Unit (RDSU) and Wellcome Trust Clinical Research Facility (WTCRF), South Academic Block, Southampton General Hospital, School of Medicine, The University of **Southampton, Southampton, SO16 6YD.**

**Full Time**

**Duties & Achievements:**

1. Providing statistical advice for Consultants and other Academic Staffs,
2. Teaching different Statistics & Methodology courses, and Application of Statistical softwares (STATA and SPSS) to PhD & MSc students, Consultants and other research Staffs,
3. Peer Reviewing research projects proposals & helping research staffs to raise a successful research project
4. Applying statistical methods to different research projects data and giving hand to raise articles for publication
5. Running Statistical Surgery at different NHS Hospitals
6. Editor of RDSU Bulletin
7. Attending different scientific or administrative school meetings
8. Peer Reviewing articles for a few Journals
9. Publishing my own paper and several joint papers including the paper which published by LANCET (see below)

**Post Held** **Medical Statistician** at Research & Development Office, Guy's Hospital, **Kings College London**, St Thomas Street, London, SE1 9RT, From Oct

Oct 2004 – Jul  
2005

Full Time

**My Duties & Achievements:**

1. Providing statistical advice for Consultants and other Academic Staffs,
2. Teaching different Statistics and software courses to Consultants and research Staffs,
3. Peer Reviewing research projects proposals
4. Applying statistical methods to different research projects data and giving hand to raise articles for publication
5. Publishing several papers and abstracts (See below)

**Post Held**

**Senior Statistician** at the Age & Cognitive Performance Research Centre, Department of Psychology, Jan 2004 to Manchester University, Manchester, M13 9PL

Sep 2004

**Duties & Achievements:**

Working and gaining comprehensive experiences on how to cope with two big longitudinal data on cognitive performance, which consisted of about 14,000 records on 6,203 individuals. My duties included:

1. Compiling data from different text files.
2. Cleaning Data and error checking
3. Applying two-level model to those mentioned longitudinal data using MLwiN
4. Drafting the results and providing the draft of paper for publication
5. Supervising two junior statisticians

Reason for leaving: Unfortunately, professor Patrick Rabbitt retired and his Age and Cognitive Research Centre closed down.

1990 – 1998 **Lecturer** at the Department of Biostatistics Epidemiology, School of Public Health, Isfahan University of Medical sciences, Isfahan, Iran. At the same time, the Head of the Statistics Centre of the Isfahan University of Medical Sciences.

**Full Time**

**Duties & Achievements:**

1. Providing statistical advice for Consultants and other Academic Staff,
2. Teaching different Statistics Mathematics & Research Methodology Modules
3. Running my own research projects including the family planning projects
4. Running Research Methodology Workshop to train consultants to be able to design their own projects
5. **Directing the University Statistics Centre & providing vital statistics reports for Health Policy Makers of Isfahan Province.**
6. One of the main tasks at the University „s Statistics Centre was collecting data on all cancers and death producing monthly reports on cancer prevalence, incidence and mortality rate **To evaluate the data on number of active beds and hospital cancer registry, I designed and ran a one-day census annually (counting all occupied beds and hospitalised patients in all public hospitals across the province).**

**Reason for leaving:** I migrated to the UK to get my PhD and exploring new horizons. **Summer 2008 Medical Statistician**, Short contract with Clinical Trials Research Unit & **2009 ScHARR, University of Sheffield**, Regent Court, 30 Regent Street Sheffield, S1 4DA

**Achievement:** Publishing joint papers with colleagues there (see list of papers below)

**Reason for leaving:** It was short contract (while I was visiting my family in the UK).

#### Published or translated book:

1- Research Methods in Occupational Epidemiology by Harvey Checkoway, Neil Pearce, and David Kriebel translated into Farsi with colleagues.

روش های پژوهش در اپیدمیولوژی شغلی، تألیف: هاروی چکوی، نیل پیرس و دیوید کریبل، ترجمه و تنظیم: دکتر طاهره علی نیا، دکتر قاسم یادگارفر، حسینعلی آدینه، ناشر: علوم و فنون معین، 1395

#### Attended conferences without presenting papers:

- 4<sup>th</sup> Oct 2012 UK CLL Clinical Sciences Day: Living Beyond First Line CLL Therapy at School of Oriental & African Studies, Thornhaugh Street, London WC1H 0XG on Thursday 4<sup>th</sup> October 2012
- Nov 2006 European Organisation For Research And Treatment Of Cancer (EORTC), Group for research in Quality of Life, Quality of Life Group meeting: 22 - 24 November 2006, Southampton, UK
- Nov 2006 SPSS Users Group, 20th Annual Meeting, Friday 10th November 2006, Alcuin Research Resource Centre Auditorium, University Of York, York
- Oct 2006 12th UK Stata Users Group meeting, 11-12<sup>th</sup> Oct 2006, London
- Aug 2006 ISCB (International Society for Clinical Biostatistics), 28-30 August, Geneva, Switzerland
- May 2006 NHS R&D Forum Annual Conference on 9-10 May, Bristol
- May 2006 European Organisation For Research And Treatment Of Cancer (EORTC), Group for research in Quality of Life, Quality of Life Group meeting: 3 – 5 May 2006, Paris, France
- Nov 2005 European Organisation For Research And Treatment Of Cancer (EORTC), Group for research in Quality of Life, Quality

of Life Group meeting: 24 - 25 November 2005, Copenhagen, Denmark

Purpose of attendance: To get familiar with the QoL group and gain updated knowledge; meet other colleagues, particularly, statisticians who are dealing with QoL data analysis.

Nov 2005

Eighth Annual Conference of the UK Federation of Primary Care Research Organisations (UKFPCRO), November 28th – 29th 2005, Thistle Hotel, Bristol

<b>Taught courses</b>			
Dates	Course Title	Place	Attendees
2012-2013	Biostatistics	Mauritius University	MPH Students
2010-2012	Statistics with Stata	Imperial College London	MPH and PhD Students
2007 - 2010	Categorical Data Analysis	Isfahan University of Medical Sciences ,	PhD, MSc, BSc students and Health Services and Academic Staffs
	Epidemiology: Principle and Application	Isfahan, Iran	
	Methodology of Research		
	Multilevel Modelling Using MLwiN		
2004 - 2007	Choosing the Appropriate Research Design & Writing a Research Protocol	Isfahan, Iran	NHS staffs, MSc and PhD students
	Using PowerPoint to Give a Presentation	Medical Statistics Division, Southampton Univ, Southampton, UK	
	Survey & Questionnaire Design		
	Analysing Health Data using Stata for Windows		
	Introduction to SPSS for Windows		
	Correlation & Linear Regression		
	Multiple Linear Regression		
Logistic Regression			
1990-1998	Choosing an Appropriate Statistical Test & Resources for Statistical Support		Medical, Midwifery and Nursing, Pharmacy, and (or) Health students, MSc, PhD and Academic staffs at home university:
	1- Biostatistics	Isfahan Univ of Med Sciences , Isfahan, Iran	
	2- Health Indices		
	3- Mathematics (Calculus I & II)		
	4- Application of Statistical Software in data analysis		
5- Methodology of Research in Medical and Health			

#### Taken courses with written exams

<b>I have taken the following modules during my MSc and PhD degree at Manchester University 1998-1999</b>	
Sep 1998 – Jan 1999	Basic Epidemiology, Score: B Epidemiology of Disease 1, Score: C
Jan 1999 – July 1999	Observational Studies in Epidemiology, Score: A Interventional Studies in Epidemiology, Score: B Statistical Modelling in Epidemiology, Score: C
Sep 1999 – Jan 2000	Principle of Exposure Measurement, Score: A

#### Short courses attended

- 2<sup>nd</sup> Sep 2013 The Joint modelling of repeated measurement and event time data in clinical research workshop, 2<sup>nd</sup> September 2013, Royal Statistical Society, Newcastle University, Newcastle Upon Tyne, UK
- 9<sup>th</sup> July 2013 Introduction to Radiotherapy" webinar, by David O'Halloran, LCTU, at 10 am.
- 2<sup>nd</sup> July 2013 Improving Communication about Randomised Clinical Trials (Module 5-7), Facilitated by Dr Michael Braun & Lesley Bruce, NCRN, Christie Hospital, Manchester
- 29<sup>th</sup> May 2013 Quantile Regression, Half-day workshop + Research session, Wednesday 29th May 2013, 10:00-16:30, The Royal Statistical Society, 12 Errol Street, London, EC1Y 8LX
- 2-3<sup>rd</sup> April 2013 The Professional Development for Data Managers and Clinical Trial Assistants programme on the 2 & 3 April 2013, Facilitated by Ruth McLaren, NCRN, Christie Hospital, Manchester
- 17-18th Jan 2013 Introduction to Cancer, Thursday, By David O'Halloran at Clinical Skills, The Christie NHS FT, Wilmslow Road, Manchester, M20 4BX, on 17-18th January 2013
- 17 Dec 2012 Beyond the basic for Data Managers and clinical Trial Assistants by Sue Fitzpatrick, at Clinical Skills 1, The Christie NHS FT, Wilmslow Road, Manchester, M20 4BX, on Monday, 17 December 2012.

5 - 7th Dec 2012	<i>Introduction to Rasch Analysis with RUMM2030 by Professor Alan Tenant &amp; Mike Horton at Academic Department of Rehabilitation Medicine Faculty of Medicine &amp; Health The University of Leeds, D Floor, Martin Wing, Old A&amp;E Drive, Leeds General Infirmary, Leeds, UK, LS1 3EX, 5 - 7th Dec 2012</i>
9 <sup>th</sup> Nov 2012	Design, conduct, and analysis of Multi-Arm Multi-Stage Trials Organisers: London Hub for Trials Methodology Research, MRC Clinical Trials Unit At Conference rooms A & B, Ground Floor, Aviation House, 125 Kingsway, London, WC2B 6NH, UK on 9th Nov 2012
16 <sup>th</sup> May 2012	Introduction to Good Clinical Practice (GCP): A practical guide to ethical and scientific quality standards in clinical research in Manchester on 16/05/2012
Sep 2011	ITEM RESPONSE THEORY Workshop: Application o Rasch Model, by: Julie Winstanley and Morten Petersen, EORTC Quality of Life Group Workshop, Innsbruck, Austria Wednesday, 14th of September, 2011, 2:00 PM – 6:00PM
Nov 2010	Multilevel Modelling for Longitudinal Categorical Outcomes on 10 November 2010. Postgraduate Statistics Centre, Lancaster University
Nov 2010	Multilevel Modelling for Missing Data In Longitudinal Studies Dates: Postgraduate Statistics Centre, Lancaster University 11 November 2010
June 2010	Three day Master class: introduction to item response theory using R, Dates: 22-24 June 2010 Postgraduate Statistics Centre, Lancaster University
April 2010	EBM Workshop (Critical Appraisal of a Systematic Reviews), 20th – 23rd April, Tabriz, Iran
March 2007	RCT Course: a guide to design, analysis, interpretation, and reporting, 26 <sup>th</sup> – 30 <sup>th</sup> March 2007, Oriel Colleg, Oxford
Aug 2006	Sample size by Steven A Julious & Michael Campbell, A part of International Society for Clinical Biostatistics: ISCB27 Seminar- 2006 Geneva
June 2006	Supervising Research (PhD) students, 3 hours, Southampton University
April 2006	Supervising MSc students, 3 hours, Southampton University
March 2006	Good Clinical Practice (GCP) training day by Tanya Symons on 30th March 2006 from 9:00 – 17:00
Jan 2006	Presentation skills - Voice & pronunciation for non-English speakers - 561VAP2 by Mr Stewart Theobald on 12th Jan 2006 from 9:30 – 16:30 Effective Communication
Dec 2005	Essentials of Survey Design and Implementation by Dr Pamela Campanelli 7th – 9th
Sep 10-15 2001	Epidemiologic Data Analysis by Professor K. Rothman, Mediterranean School of Biostatistics, Epidemiology, and Health Services, Crotona, Calabria, Italy
Sep 10-15 2001	Aging Epidemiology, Mediterranean School of Biostatistics, Epidemiology, and Health Services, Crotona, Calabria, Italy
July 2-6 2001	5th Advanced Course in Occupational and Environmental Epidemiology, University of Utrecht, Utrecht, Netherlands
June 19-24 2000	Longitudinal Data Analysis, Mediterranean School of Biostatistics, Epidemiology, and Health Services, Siracusa, Italy
June 19-24 2000	Categorical Data Analysis, Mediterranean School of Biostatistics, Epidemiology, and Health Services, Siracusa, Italy
Nov 15-19 1999	Second International Course on Work Environment and Cardiovascular Diseases The Nordic Institute for Advanced Training in Occupational Health Copenhagen, Denmark
1998 - 2000	During my PhD I attended to the following MSc courses for a full semester Basic Epidemiology, Epidemiology of Disease 1, Observational Studies in Epidemiology; Interventional Studies in Epidemiology; Statistical Modelling in Epidemiology; Principle of Exposure Measurement
<b>Software skills:</b>	Fluent user of STATA, SPSS, MLwiN, EpiInfo. Recently started using SAS & R.

### Professional Membership Body

From 2000 till present	Royal Statistical Society – RSS; Membership No: 018036
From 2000 till present	International Commission on Occupational Health-ICOH; Membership No: Y3215
From 2005 till present	EORTC QoL (European Organisation for Research and Treatment of Cancer group)
From 2010 till present	International Epidemiological Association (IEA),
From 2007 till present	Iranian Epidemiological Association (IrEA)

### Other Activities:

- i. Reviewer of British Journal of Cancer
- ii. A member of Editorial Board of Journal of Kerman University of Medical Sciences  
Link: <http://kmusjournal.ir/english/pages/?contentID=34>
- iii. A panel member and reviewer Journal of Isfahan Medical School (JIMS ), Isfahan University of Medical Sciences

### Area of interest for data processing and investigation:

Dealing with design and analysis of Clinical Trails & Epidemiological Studies in Cancer & Occupational Exposures; QoL data analysis, particularly, reliability and validity approaches including Item Response Theory (IRT) Modelling; Multilevel Modelling, Occupational Exposure & the healthy worker effect, selection in and selection out (which is very similar to drop out effect) biases.

### Referees:

- 1 Dr. Trevor Cox - Head of the Statistics and Bioinformatics Unit, Liverpool Cancer Trial Unit, Liverpool University Block C, Waterhouse Building, 1-3 Brownlow Street, L69 3GL , UK,  
Tel: 0151 794 8891  
Email [coxt@liverpool.ac.uk](mailto:coxt@liverpool.ac.uk)  
**Please do not contact before the interview**
- 2 Professor Azeem Majeed Department of Primary Care & Public Health, Faculty of Medicine, Imperial College London, Reynold Building, Charing Cross Campus, St Dunstons Rd, London, W6 8RP, UK  
Tel: + 44 20 75943365  
Fax: + 44 20 75940845  
Email: a.majeed@imperial.ac.uk  
**Please do not contact before the interview**
- 3 Professor Paul Roderick  
Public Health Sciences and Medical Statistics, University of Southampton  
C floor, South Academic Block, Southampton General Hospital, Southampton, SO166YD,  
Tel: +44 02380796532  
Email: pjr@soton.ac.uk  
**Please do not contact before the interview**
- 4 Mark Mullee BSc (Hons) MSc CStat MSc  
Director, Research & Design Services  
Level C (805), Southampton General Hospital  
Southampton, SO16 6YD, UK  
Tel: +44 (0)23 8079 6557 / 4778 (Secretary: Mon, Wed, Fri)  
Fax: +44 (0)23 8079 6529  
Email: M.A.Mullee@soton.ac.uk  
**Please do not contact before the interview**
- 5 Professor Patrick Rabbitt (My previous employer)  
10 North Parade Avenue  
Oxford  
OX2 6LX  
Tel: 01865 512834  
E-mail: PRabbitt@aol.com ([Prabbitt@btinternet.com](mailto:Prabbitt@btinternet.com))
